### Policy

The Board of Education holds the school buildings and grounds in trust for the students of the School District. That trust includes the care of all features of the buildings and grounds, including the responsible and economic maintenance of the properties, and the health and safety concerns that may affect students when using the properties.

### Regulation

1. The operation of motorbikes, motorcycles, or all-terrain vehicles on School Board property is prohibited at all times, unless used as transportation to and from school, and then, only to and from designated parking locations.
2. Unless sanctioned by the School Principal or designate, sports or other activities using equipment which could damage the ground's surface or which involve airborne objects causing bodily harm are prohibited.
3. Dogs and other pets are not permitted on the grounds unless allowed by the School Principal or designate.
4. The public, students, and Board employees will respect all instructions that pertain to the use of the school grounds and properties when issued verbally or posted under the authority of the Board of Education.
