Policy

The Board of Education believes that the relationships and interactions between all Trustees, employees, students and public must be based upon courtesy and respect. Employees have the right to a respectful workplace, free from bullying and harassment. This right is established through legislation, jurisprudence, administrative law, and collective agreements.

The Board of Education expects all employees to conduct themselves in the workplace in such a manner as to ensure that no other employee experiences bullying and harassment. Behaviour, which is identified as being bullying and harassing in nature, is unacceptable and will not be tolerated.

Individuals involved in the learning and working environment are responsible for their actions and are accountable for their consequences. Individuals are responsible for ensuring that their actions and communications (including electronic communication) adheres to the spirit and intent of this policy.

In addition, this policy is intended to comply with WorkSafeBC's policies regarding workplace bullying and harassment.

- iii. On receipt of the report of bullying and harassment, the Supervisor will undertake a preliminary investigation to make a determination as to whether the behaviour falls within the definitions of bullying and harassment and warrants further investigations. If determined that the behaviour does not fall within the definition, the employee will be so notified in writing. The person against whom the report of bullying and harassment has been made will also receive written notification of the Supervisor’s determination. Investigations are not to include a union representative or an OH&S Committee/Safety representative for reasons of confidentiality.
- iv. If the Supervisor determines that the report falls within the definition of bullying and harassment, he or she will:
- notify the employee of his/her determination of the report;
 - notify the person against whom the report has been made, providing a general statement about the nature of the report;
 - where the report is made against a teacher or support worker, advise the appropriate union that a report about a member has been made, with a general statement as to the nature of the report;
 - where appropriate, and where the employee consents, arrange a meeting with the alleged bully and harasser with a view to resolving the dispute on the basis of a resolution that is satisfactory to the complainant and bully and harasser;
 - conduct the investigation as confidentially, expeditiously and thoroughly as possible;
 - keep records of incidents, investigations and actions taken and share the results of the completed confidential report with those who need to know the result of the report.

If the Superintendent of Schools/Secretary-Treasurer determines that the matter should go to the Board of Education for consideration and resolution, he/she will refer the matter to a closed meeting of the Board.

- vii. At any time during the course of the investigation, the parties may reach resolution or settlement of the matter. Where both parties agree, mediation may be used to facilitate resolution. Records shall be kept and any resolution or settlement agreement reached shall be put in writing and signed by both parties. At this point, the process is discontinued.
 - viii. All those involved shall keep all stages of the investigation and subsequent processes confidential.
 - ix. In the case of a formal complaint of sexual harassment, the complainant and respondent will be required to attend investigative hearings. The School District will receive such a complaint uncritically, without bias and in a manner such as not to oblige the complainant to prove the allegations beyond a doubt. Rather, the version of the facts given by all parties involved will be carefully considered and a decision as to whether a complainant has been sexually harassed will be based on the likelihood that the incident occurred. In the interest of all concerned, confidentiality of any notification, information or investigation will be preserved. Information will be kept in a special file in the District Office, pending conclusion of the investigation.
10. No one governed by this policy shall be subject to reprisal, threat of reprisal or discipline for making a complaint that the individual reasonably believed to be valid.
