Policy

The Board of Education will continue to guarantee the availability of rental accommodation in Kyuquot, Tahsis and Zeballos for professional staff as long as such accommodation is required. Board-owned housing will be made available on a temporary basis to other employees when it is not required for professional staff in any year. If, in any year, the Board is unable to rent all the housing accommodation to its employees, accommodation may be rented to other persons on the same terms and conditions as apply to employees for so long as employees do not require the accommodation. Rent charged for such accommodation will be in accordance with Section 105 of the *School Act*.

A Joint Rental Accommodations Committee will be established to encourage good relations between employees and the landlord and to make recommendations in regard to rental accommodation in the District. The Committee will meet at least once each year, and as required. In addition, a representative is to be selected annually as Housing Liaison Representative by the teachers who are tenants in each community.

The Joint Rental Accommodations Committee will consist of up to six representatives: up to three representatives of the Board (a Trustee, the Operations Supervisor and the Human Resources Administrator or designate), and one representative of the teacher tenants (Housing Liaison representatives) from each community where teachers are residing in Board-owned housing.

The Joint Rental Accommodations fund will be administered by a trust account, which will assure that revenue and expenditures will be only for housing purposes.

Disposition of rental accommodation will be in accordance with *Ministerial Order 146/89*. Before the Board disposes of housing accommodation, the Board shall first offer to sell the accommodation to employees of the Board.
