

INTRA-DISTRICT ATHLETIC FUNDING

Funding will be allocated annually and held at the School District level to facilitate intra-District athletic events.

1. The schools shall plan, budget and endeavour for intra-District events collectively.
2. Funds should only be requested for events where teams representing no less than two different schools from within the School District are involved. Teams can be of any school age or gender.
3. The initial request for funds should be submitted to the Superintendent/Secretary-Treasurer (or designate) in the form of a proposal from the host school at least two weeks prior to the event. The proposal should provide a general itemized schedule of costs.
4. At no time should funds be used to subsidize a visiting team from out-of-District in any way (travel, meals, accommodations, entry fees or other).
5. Funds can be used for travel by a School District team to an event within the School District where outside teams are playing providing that at least two teams from within the School District are in attendance.
6. Attempts, to the best of the host school's ability, should be made to curb costs through the sharing of meal catering, accommodations, referees' costs or any other possible means. These intentions should be included in the initial proposal by the host school.
7. At no time should funds be used to reimburse purchases of jerseys or equipment.
8. No entry fees are to be charged when the event consists of only School District teams.
9. Entry fees collected from out-of-District teams must be applied against event expenses.
