ADDENDUM

Guidelines for Organizations Presenting Awards and Scholarships to Students in Vancouver Island West School District No. 84

The School District Scholarship Program is very much appreciated. Continued support from many community groups provides motivation and needed financial assistance to our students. These guidelines have been drawn up to provide consistency among organizations and schools regarding how scholarships are awarded and how schools receive this information.

Advertising Awards and Scholarships

Organizations providing scholarships should review their terms of reference for their scholarships and if there are any changes, the school should be informed as soon as possible. Terms of reference should include:

- deadline for applications;
- criteria for selection of recipients; and,
- requirements for such things as letters of application, letters of reference, proof of academic achievement.

This information will be published in the school and will be available to every student.

Selection Procedures

The selection procedure should be thought out in advance, and the procedure well established so that it is consistent from one year to the next.

Announcing Recipients

When a recipient of an award or scholarship has been determined, the name of the recipient should be given to the School Principal, in writing and confidentially, so that the announcement will be a surprise to the recipient at the commencement ceremony.

Presentation of Awards and Scholarships at Commencement Ceremony

A representative of the organization should be present at the ceremony to present the scholarship. The name of the presenter should be given to the School Principal for inclusion in the program before the ceremony. If no one is available, the School Principal should be informed so that he/she can designate someone to present the award.
