

BOARD REPRESENTATIVES

The Board believes that Trustees represent the community's interests in the operation of the District's schools and that a Trustee represents the Board's interests when participating in the work of community-based agencies, commissions or boards as its appointed representative. When representing the Board, Trustees will support and promote the best interests of the Board. When a Trustee who is appointed to a public or other body is asked to vote on or otherwise discuss issues that affect the Board, the Trustee will obtain the advice of the Board on the matter concerned.
