1) What is working well in your school / school district? What are some positives that we can build upon?

2) In what ways do you think our school / district could improve?

3) Please consider the three focus areas of the current Strategic Plan:
   a. Building Literacy - Is this important? If so why and if not, why not?

   b. Student Engagement and Connection - Is this important? If so why and if not, why not?

   c. Equipping Learners for Success - Is this important? If so why and if not, why not?

4) What other focus areas should the Board be considering for the next Strategic Plan (2025 – 2030)? Why these areas?

5) There appear to be four large issues that the Board of Education needs to address. Please provide any suggestions to help address these issues.

   a. Inequity of student outcomes at higher grade levels.

   b. Low numeracy outcomes.

   c. Declining student perceptions of belonging, safety, and care.

   d. Poor attendance.

6) Do you have any other feedback for the school district?
